Introduction

My name is Craig Brennan, I founded LSC back in 2006 with a mission to help solve a problem that a lot of primary schools were facing. We wanted to provide high-quality, experienced and trusted PE practitioners to help raise awareness and standards of primary school PE.

We have come a long way from our humble beginnings at a single primary school in Moss Side, Manchester (Thank you, Mrs Adams). We have worked with over 1,300 primary schools across the UK and our team of primary school subject specialists deliver PPA cover and CPD support with expertise in MFL, Drama, PE, Art and Music as well as wrap around care. Our trusted team of practitioners is made up of over 300 teachers, coaches, mentors, subject leads and other passionate educators.

The following pages of this brochure will not only highlight our range of provision and solutions, but hopefully demonstrate why 97% of our partner schools extend our agreement beyond their first year.

PPA CAROUSEL

Our PPA carousel can be used to teach 2 or more classes at a time.

We can use a carousel across multiple year groups and key stages, to maximise your teachers' PPA time.

Our specialist teacher would teach one subject for one hour, then swap with another specialist teacher who will teach a different subject for one hour, and so on throughout the school day.

Our approach allows teachers to focus on planning and assessment for a good chunk of time.

Looking to enhance your primary school's curriculum? Look no further than LSC's Continued Professional Development (CPD) programme. Our team works directly with your school to provide teachers with the knowledge and practical understanding they need to deliver a complete term's worth of lessons in the selected subject area. With LSC's CPD programme, you can be confident that your school is delivering an enriching and progressive curriculum.
